

AIU ANVESHAN- 2024

Anveshan is a platform – set up by the Association of Indian Universities – for university students to develop and showcase their research aptitude and skills.

We, the undersigned students from Al-Falah School of Medical Sciences & Research Centre—
Kiratnoor Kaur (AFMG 734),
Palak Mehta (AFMG 607),
Aadil Memon (AFMG 737); are deeply honored to have participated in the north zone level of Anveshan, a prestigious research platform established by the Association of Indian Universities to nurture research aptitude and skills among university students.

We would like to express our heartfelt gratitude to Dr. Bhupinder Kaur Anand, our esteemed Vice-Chancellor, for giving us this opportunity to participate.

We extend our sincere thanks to our professor, Dr. Ruqia Quansar, for her invaluable mentorship and guidance throughout this journey.

Additionally, we are immensely grateful to our mentor, Dr. Ravneet Grewal, for her encouragement, presence and guidance during the program, accompanying us and advising us throughout the two days November 26th and November 27th, 2024.

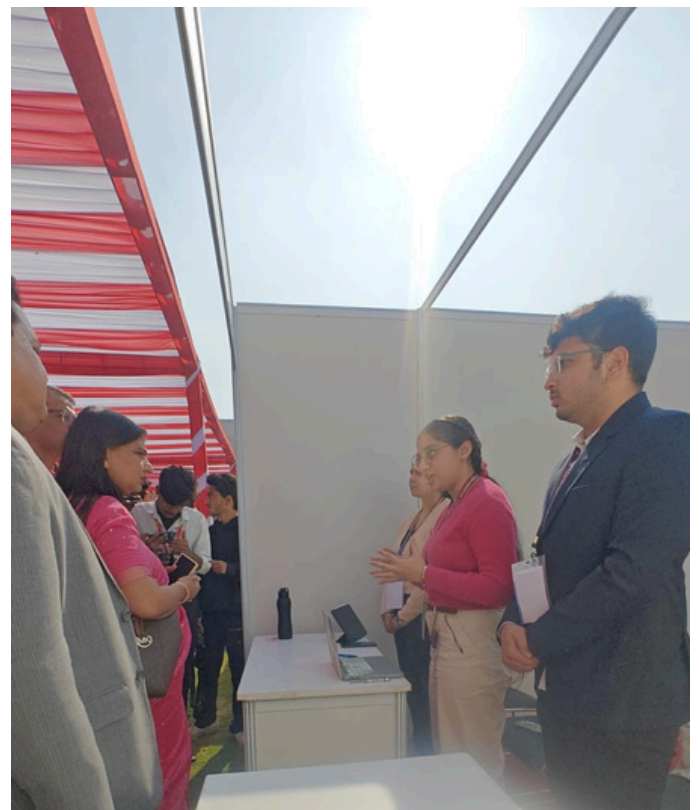

DAY-1 : 26th NOVEMBER- 2024

On Day 1 (November 26, 2024), our team presented our research titled "**Assessment of Knowledge, Attitude, and Practice Regarding the Use of AI in Medical Science.**"

Kiratnoor Kaur, as the lead presenter represented the group of 3 students. Delivered a presentation covering:-

- **Generative AI:** Exploring how it will revolutionize healthcare systems and processes.
- **The Use of GPT-4 in Medicine:** Showcasing its potential applications in diagnostics, treatment planning, and medical education.
- **Evolution of AI in Medicine:-** Highlighting the advancements in AI technology and its future impact on medical practice.
- Concept of generating an automated app that uses facial recognition to assess a student's engagement and predicts their most efficient study time was an innovative idea by the students which aligns well with current trends in AI-driven personalized learning for medical students.

DAY-2 : 27th NOVEMBER- 2024

We were privileged to be accommodated at the Guest House of IIT Roorkee, which offered top-class facilities. Our stay was truly comfortable, with an excellent dinner and breakfast that energized us for the event.

After spending one restful night at the guest house, we proceeded to Galgotias University for the second day of the event, where the results and awards for participation were announced.

This experience, encompassing both excellent hospitality and a prestigious platform to present our research, has been incredibly enriching and motivating. We are deeply thankful to all organizers and institutions involved in making this journey seamless and memorable.
