From the desk of the Administrator

Dear Prospective Students, Parents and Guardians,

Welcome to Al-Falah University, Faridabad—a place where aspirations are transformed into abilities, knowledge is guided by values, and education becomes a pathway to purposeful achievement.

Choosing a university is among the most defining decisions in a student's life. It determines not only what one learns, but also how one thinks, leads and contributes to society. At Al-Falah University, we recognise the trust that students and their families place in us. We honour that trust by striving to provide an academic environment founded upon excellence, discipline, integrity and equal opportunity.

The University is presently functioning under the administrative control of the Government of Haryana. This framework reinforces institutional stability, transparent governance, regulatory compliance and academic accountability. The interests and academic continuity of our students remain central to every decision we take.

Our vibrant 54-acre campus brings together qualified faculty, well-equipped laboratories, modern learning resources and facilities that encourage intellectual, professional and personal growth. The 710-bed Al-Falah Charitable Medical Hospital adds exceptional strength to our academic ecosystem, particularly by offering students meaningful clinical exposure, practical training and opportunities to serve the community with compassion.

Through programmes in Medical Sciences, Paramedical Sciences, Sciences, Education and other disciplines, we seek to prepare professionals who are not only knowledgeable and skilled but also ethical, socially responsible and future-ready. Our educational philosophy extends beyond textbooks and examinations. We encourage students to question with curiosity, think with clarity, innovate with confidence and lead with character.

In a world being rapidly reshaped by technology and new possibilities, success will belong to those who can adapt without compromising their values. Therefore, our mission is not merely to help students build successful careers; it is to inspire them to build meaningful lives and become responsible citizens capable of making a positive difference.

To every aspiring student, my message is simple: dream boldly, learn continuously and pursue excellence with determination. At Al-Falah University, you will find opportunities to discover your strengths, broaden your horizons and turn your potential into purpose.

I warmly invite you to join our academic community. Together, let us begin a journey where knowledge creates confidence, values shape leadership and education opens the door to a brighter future.

Dr. Amit K. Agrawal, IAS

Administrator
Al-Falah University, Faridabad, (Haryana)

From the desk of the Vice Chancellor

Dear Prospective Students, Parents, and Guardians,

It is my distinct privilege to welcome you to AI-Falah University (AFU). Choosing a university is one of the most significant decisions of your academic journey, and at AI-Falah University, we strive to provide an environment where every student can discover their potential and achieve excellence.

AI-Falah University is currently operating under the administrative control of the Government of Haryana. This direct state oversight ensures absolute stability, rigorous academic compliance, and total transparency across all the operations of the University. The day-to-day operations and academic governance are managed by a senior leadership team deputed from the JC Bose University of Science and Technology, YMCA, Faridabad. This setup has strengthened the University and prioritize academic excellence.

University's sprawling 54-acre campus serves as a vibrant ecosystem where modern theory meets standard industry practice. Through the advanced research facilities, fully equipped laboratories, and the operational 710-bed AI-Falah Charitable Medical Hospital, University delivers the hands-on clinical and technical experience necessary to thrive in a competitive world. Whether your passion lies in Medical Sciences, Paramedical and Education, University's goal is to nurture socially responsible, technically sound, and ethically grounded global professionals.

Our absolute priorities remain your academic continuity, campus safety, and top-tier career placements. I invite you to explore our verified programs and build your future within an institution anchored in robust governance, discipline, and scientific inquiry.

Prof. (Dr.) Ajay Ranga

Vice Chancellor

AI-Falah University, Faridabad (Haryana)

(Presently under the Administrative control of State Govt.)

From the desk of the Registrar

Dear Students, Parents, and Esteemed Stakeholders,

It is a great pleasure to welcome you to Al-Falah University (AFU). As the administrative spine of the institution, the Office of the Registrar is committed to ensuring a seamless, transparent, and structured environment that supports every student throughout their academic journey.

Al-Falah University currently operates under the direct administrative management of the Government of Haryana, with day-to-day operations and academic governance led by a senior leadership team deputed from J.C. Bose University of Science and Technology, YMCA, Faridabad. This institutional alignment reinforces our commitment to rigorous compliance, procedural integrity, and absolute stability. Every academic program, administrative process, and degree offered at AFU strictly adheres to state regulatory frameworks and high educational standards.

Spread across a lush 54-acre campus, the University offers robust infrastructure, modern academic facilities, and extensive hands-on training opportunities. Our administrative machinery works tirelessly behind the scenes to maintain a disciplined, safe, and academically continuous campus life across our diverse disciplines, from Medical and Paramedical Sciences to Education and Humanities.

From your initial admission to the day you receive your degree, our office is dedicated to facilitating administrative requirements, and upholding an atmosphere of trust, safety, and efficiency.

We invite you to join our vibrant academic community and build a strong foundation for your future within an institution grounded in sound governance, accountability, and excellence.

Warm regards,

Dr. Meha Sharma

Registrar

Al-Falah University, Faridabad (Haryana)

(Presently under the Administrative control of State Govt.)

ABOUT THE UNIVERSITY

Al-Falah University has been an endeavor to keep up with the tradition of fostering professional education, training and guidance. It is a lush green and nature friendly campus which is spread over 54 acres of land. It is offering world-class higher education to students from India and abroad by providing a learning experience designed to develop intellectual abilities, as well as social, moral and ethical values. The University is equipping the students with the skills, insights, attitudes and practical experience that will enable them to become world-class citizens. The emphasis is on nurturing talent by providing need based education and to create a resource pool for developing cutting edge human resource for the country. This talent would enrich the national fabric and shall act as a driving force for transforming India into a developed nation.

The students at Al-Falah University are exposed to an optimal blend of analytical and practical knowledge, enriched by industrially-oriented training and project work. The university emphasizes on overall development of the students to cope with the fast changing technology. Consistent with this vision, Al-Falah University has been imparting quality education and has successfully developed over the years into a premier institution creating well-trained pool of professionals in all spheres of study. Presently, the four premier schools of the university that are offering different professional courses are:

- Al-Falah School of Medical Sciences & Research Centre
- Al-Falah School of Health Sciences
- Al-Falah School of Education & Training
- Al-Falah School of Commerce & Management

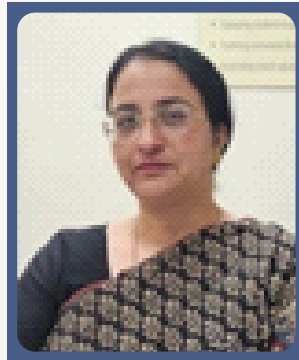

WHY CHOOSE AL-FALAH UNIVERSITY?

At Al-Falah University, we are committed to providing an exceptional education that blends academic excellence with practical experience. Our supportive learning environment ensures that students are well-prepared to make a meaningful impact in their respective fields of study.

Al-Falah School of Medical Sciences & Research Centre

Message from Principal

It gives me immense pleasure to welcome you to our esteemed Medical College through this prospectus. Our institution has been committed to the noble mission of imparting quality medical education, fostering scientific temper & nurturing compassionate health care professionals dedicated to serve society.

Every institution has a unique journey & ours has been no exception. Along the way, we have encountered challenges & periods of uncertainty that tested our resolve. However, these experiences have strengthened our determination, inspired innovation & reinforced our commitment to excellence. Today, we stand stronger, more resilient & better prepared to meet the evolving needs of Medical Education & Healthcare.

Our college offers a stimulating academic environment supported by experienced faculty, modern teaching methodologies, well equipped laboratories, advance clinical training facilities & culture that encourages research, ethical practice & lifelong learning. We strive to develop competent physicians who combine clinical excellence with empathy, professionalism & social responsibility.

As we move forward, our vision is to continuously enhance academic standards, promote inter-disciplinary research, embrace technological advancements & strengthen our partnership with community. We remain steadfast in our commitment to produce healthcare professionals who will make meaningful contribution at local, national & global levels.

I warmly invite aspiring students to become a part of our institution's continuing journey of growth & excellence. Together, let us uphold the noble values of the medical profession & work towards building a healthier & more equitable society.

I wish every student success in his/her academic pursuit & fulfilling career in the service of humanity.

With best wishes

Warm regards

Prof. (Dr.) Bhupinder Kaur Anand

Principal

Al-Falah School of Medical Science & Research centre, Faridabad

About Al-Falah School of Medical Sciences & Research Centre

Al-Falah Hospital was established in 1997 and began as a dispensary to cater to the healthcare needs of students, staff, and the surrounding community. Over the years, it has grown into a 710 bedded multi-Specialty Hospital, serving as a vital healthcare centre within the 54-acre campus of Al-Falah University. The hospital provides comprehensive healthcare services to students, faculty, staff, and the general population. It offers 24×7 emergency and trauma care services, supported by well-equipped critical care ambulances for timely patient transportation during emergencies.

As a practice laboratory for Al-Falah School of Medical Sciences & Research Centre, Al-Falah Hospital also has labs for tests, pharmacies for medicines, and operation theatres for surgeries. In Al-Falah Hospital, cleanliness and discipline are treated as strict rules because it helps in faster recovery. For us, a hospital is not just a building but a place of hope where lives are saved and health is restored.

Moreover, being a teaching hospital of Al-Falah School of Medical Sciences & Research Centre, Al-Falah Hospital is committed to excellence in patient care, medical education, and community health services. The institution continuously strives to provide accessible, affordable, and quality healthcare for all.

As of now, two starting batches admitted in 2019 and 2020 have successfully passed out and have become professionally serving doctors.

Academic Strengths of the school

- Modern laboratories with advanced equipments
- Technology-enabled classrooms and lecture theatres
- Skill laboratories for competency-based medical education
- Structured mentorship and academic support system
- Research and innovation ecosystem
- Regular workshops, seminars, CMEs, and guest lectures
- Community-based learning and outreach programs

Career Pathways of the school

➤ Clinical Practice

Build a rewarding career as a healthcare professional in hospitals, clinics, and healthcare institutions.

➤ **Global Medical Practice**

Pursue higher education, licensing examinations, and medical careers across the globe.

➤ **Research & Innovation**

Contribute to scientific discoveries, translational research, and healthcare advancements.

➤ **Healthcare Leadership & Administration**

Lead healthcare organizations, hospitals, and public health initiatives.

➤ **Government & Public Health Services**

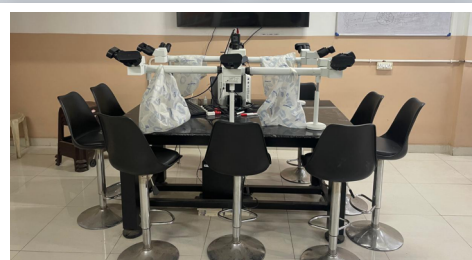

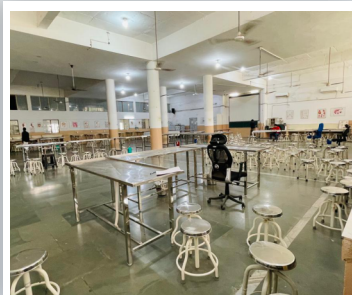

Serve communities through government healthcare systems, public health programs and policy development.

➤ **Academics & Medical Education**

Shape future generations of healthcare professionals through teaching and academic research.

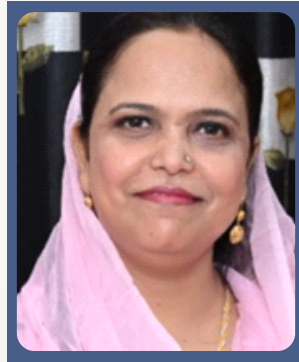

Courses Offered

- Bachelor of Medicine and Bachelor of Surgery (MBBS)
- Doctor of Medicine/Master of Surgery (MD/MS)
- Doctor of Philosophy (Ph.D.- Medical)

AL-FALAH SCHOOL OF HEALTH SCIENCES

Message from Principal

As Dean of the School of Health Sciences at Al Falah University, I extend a warm welcome to all paramedical aspirants. Our duty is to produce paramedical professionals who are not only clinically proficient but also capable of critical inquiry, digital adaptability, and compassionate care. We focus that our faculty is committed to laboratory excellence and making students into good human beings and leaders in the healthcare field.

Paramedical professionals as individually and in interdisciplinary teams provide an extraordinary output in diagnostic, technical, therapeutic, and direct patient care. Along with one another, as well as with medicine and nursing professionals, the School of Health Sciences work to improve the quality of life for patients, their families, and their communities. I wish that our students perform very well as medical technologists, physical & occupational therapists, clinical & rehabilitation counsellors, and radiographers, among others in their career.

With best wishes

Dr. Shahla Khan

AL-FALAH SCHOOL OF EDUCATION & TRAINING

Message from Principal

As Dean and Principal of the School of Education & Training at Al Falah University, I extend a most sincere welcome to all prospective students. Our responsibility is to prepare graduates who are not only academically proficient but also capable of critical inquiry, digital adaptability, and compassionate care. We emphasize that the faculty is committed to not just research excellence, but to moulding students into good human beings and leaders in the teaching field. I wish that our students perform very well as prospective teachers in their career. I am proud to support our mission and to represent the talented and diverse students, faculty, and staff who make School of Education & Training so vital and important.

Dr. Mohd. Muzahir Ali

About Al-Falah School of Education & Training

Al-Falah School of Education & Training offers different education training courses and is dedicated to shaping the future of teaching professionals. The offered programmes are designed to provide all the essential skills and knowledge required by the students for a successful career in the dynamic field of teaching. School of Education & Training promotes professional way of teaching with the help of advanced and contemporary techniques. Al-Falah School of Education and Training has very gracefully and successfully completed its nineteen sessions starting with only hundred students of B.Ed. in 2006. The rich and vast experience over the years has enabled the students of the school to become good professionals and grab great job opportunities in teaching field. Presently, the school is proud to announce intake of 300 in Undergraduate course and an intake of 50 in post graduate course.

Till date, Al-Falah School of Education and Training has successfully produced almost five thousand well trained teachers placed in Governmental set-up and different private schools in India and abroad.

Courses Offered

- Bachelor of Education (B.Ed.)
- Master of Education (M.Ed.)
- Doctor of Philosophy (Ph.D.)

Al-Falah School of Commerce & Management

Al-Falah School of Commerce & Management at Al-Falah University was established in 2014, coinciding with the establishment of the University under the Haryana Private Universities Act. Since its inception, the Faculty has been committed to providing quality education in the fields of management, commerce, finance, and entrepreneurship, with a focus on academic excellence, professional competence, and ethical values.

The School strives to nurture future business leaders, managers, entrepreneurs, and commerce professionals through a balanced blend of theoretical knowledge and practical exposure. It offers industry-oriented academic programmes designed to equip students with analytical, managerial, communication, and leadership skills required to excel in today's dynamic business environment. The School currently offers undergraduate programme, namely, Bachelor of Business Administration (BBA).

Emphasizing innovation, research, experiential learning, and industry interaction, the Faculty provides students with opportunities for internships, seminars, workshops, case studies, and personality development activities that enhance their employability and entrepreneurial capabilities. The curriculum is continuously updated to align with emerging business trends, technological advancements, and the evolving needs of the corporate sector.

The School of Commerce & Management is dedicated to creating a vibrant academic environment that encourages critical thinking, lifelong learning, social responsibility, and ethical business practices. Through its commitment to excellence in teaching, research, and community engagement, the School continues to prepare competent professionals capable of making meaningful contributions to business, industry, and society at both national and global levels.

Courses offered

- Bachelor of Business Administration (BBA)

UNIVERSITY INFRASTRUCTURE DETAILS

AL-FALAH HOSTEL

The university offers separate comprehensive hostel facilities for boys and girls in the campus with hostel warden in each hostel to supervise day to day management and to ensure convenience, security and dependability. Hostel rules have been framed keeping in mind the local culture and traditions, with a view to guide and help students to attain standards of implacable conduct. While residents enjoy the maximum freedom, it is ensured that this is always within the framework of standard guidelines and procedures.

THE CENTRAL LIBRARY

A library is a collection of information, sources, resources, books, and services. The Central Library is the nerve-centre of Al-Falah University which was established in 1997 with a collection of magnificent number of books. The collection of books grows year by year and has now reached to a staggering numbers. It is one of the best maintained libraries in the region and is a modern learning resource center that supports academic excellence and research. Its popularity is not only due to its collection but also due to its services, which is spread over the entire NCR region, particularly among the students and faculty members of neighboring universities and colleges who get benefits of our resources. Main features of Central Library are :

- Houses a rich collection of textbooks, reference books, national and international journals
- Contains Digital Resources
- Provides access to e-books, e-journals, and online medical databases through its digital section
- Spacious reading halls and internet-enabled facilities create a conducive environment for learning
- Promotes self-directed learning, evidence-based practice, and research among students and faculty

COMPUTER CENTRE

The Computer Centre is fully air-conditioned and equipped with the latest computer systems to encourage the students to make full use of the facility to train themselves in modern computer applications, software applications and development. In addition, the students are provided practical experience through working on several computers and peripherals. A variety of special purpose peripheral devices like Scanner, Laser Printers, InkJet Printers and CCD Camera are also available to the interested users. The Institute has internet facility to share information with all the universities and research centers around the world.

SEMINAR HALL

A seminar hall is a spacious room designed for meetings, lectures, workshops, and presentations. The seminar halls at Al-Falah University is equipped with a stage, podium, microphone system, projector, and comfortable seating arrangement so that everyone can see and hear clearly. Good lighting and air conditioning make it suitable for long sessions, while proper acoustics ensure that the speaker's voice reaches the entire audience without echo. In Al-Falah university, seminar halls are used to conduct training programs, guest lectures, academic discussions, and cultural events. They provide an environment that encourages learning, interaction, and the exchange of ideas, making them an important part of any educational or professional institution.

LANGUAGE LABORATORY

The language laboratory is an audio-visual installation used as an aid/help in modern language teaching. Neuroscience tells us that the most effective way to learn a second language is by full immersion; living in a culture where your first language is not spoken. Our learning environment offers full immersion in English language so that the students learn English optimally.

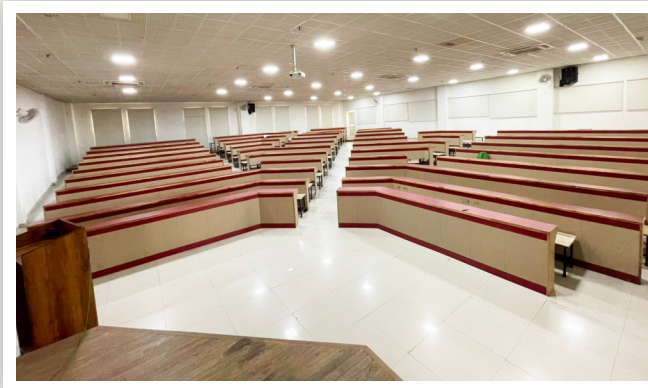

UNIVERSITY CANTEEN

The university has its own canteen on the premises. It caters nearly to thousands of students, staff and visitors every day with Breakfast, Lunch, and Snacks etc. The canteen in the university is the hub of every student activity. Students throng the canteen and help themselves to a variety of tasty foods which of course comes at a very nominal rate. University canteen provides delicious and hygienic food at very affordable prices.

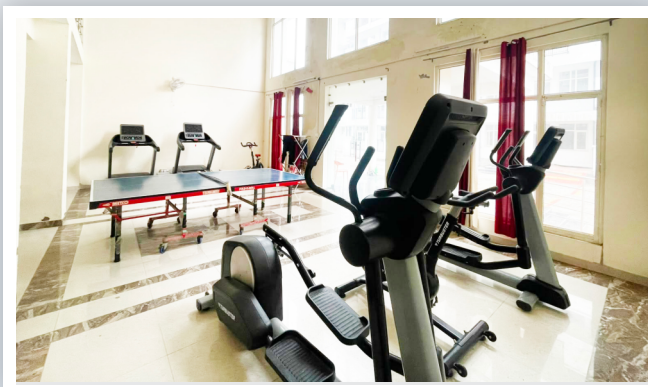

MULTIMEDIA CENTRE

The university have four big theatres equipped with LCD, OHP, computers, multimedia kit and a collection of excellent education related software which facilitate computer aided learning, projects presentation and reinforcing class room teaching.

GYMNASIUM

A well equipped gym is functional at the university where students are encouraged to be physically fit and active. The motto of the university is "sound mind within sound body" and the gym on the university premise helps them to attain this goal.

E-GOVERNANCE CELL

The University has an established e-governance center. All pre and post exam related work is taken care of by this cell.
